Thompson Doodle's Health Guarantee

Thank you for purchasing a puppy from Thompson Doodles!

We extend the following instructions and health guarantee to new puppy owners.

The customer has 5 days, not including weekends or holidays, to have the puppy examined by a licensed veterinarian of your choice. Should the veterinarian state that the puppy has any life-threatening physical or congenital problems, Thompson Doodle's will provide you with a healthy replacement puppy of the same breed, sex, color, and equal value. If the customer selects a puppy of greater value, the customer will pay the difference. The puppy must then be returned within 3 days of the veterinarian's examination and be accompanied by a letter from the examining veterinarian stating the date the puppy was examined and explaining why this puppy is a health risk including a description of symptoms supporting his/ her opinion. Failure to have the puppy examined by a licensed veterinarian within 5 days of the adoption voids this part of the guarantee. Thompson Doodles has the right to require the puppy be returned for inspection by Thompson Doodles prior to replacement by our vet. Upon confirmation of a congenital problem, the puppy will be replaced free of charge. The buyer is responsible for all shipping charges if applicable.

Your new puppy is guaranteed to be free of life-threatening inherited genetic defects for one year from the date of birth. If your puppy is found to have life-threatening inherited defects, you must supply us within 7 days of the diagnosis with your veterinarian's written report. We reserve the right to have the diagnosis verified by another veterinarian of our choice before exchanging puppies. Thompson Doodles will provide you with a healthy replacement puppy of the same breed, sex, color, and equal value. If the customer selects a puppy of greater value, the customer will pay the difference. The buyer is responsible for all shipping charges if applicable.

If your female puppy is spayed before 12 months of age or your male puppy is neutered before 18 months of age, this guarantee is automatically void. Studies have shown that gonadal hormones significantly contribute to the control of the closure of bone growth plates. With the elimination of testosterone in males, or estrogen in females through spaying and neutering, it may result in a significant increase in hip and elbow dysplasia and cranial cruciate ligament tears (CCL). It also increases the risk of hip/ joint disorders.

General Terms & Conditions:

Thompson Doodles makes nor implies any warranties or guarantees, expressed or implied, other than those written in this agreement. This document constitutes the entire agreement between the customer and Thompson Doodles concerning this adoption. The customer's signature indicates that the customer has read, agrees, and understands this health guarantee's conditions. This guarantee is null and void upon any evidence of abuse or neglect, or if the buyer fails to maintain checkups and necessary vaccines, worming, and heartworm prevention with a licensed veterinarian. The puppy you are adopting is in good health as of this adoption date. Thompson Doodles makes no warranty against coccidiosis, giardia, other worms, cherry eye, Entropion, allergies, ectropion, undescended testicles, loose knees or hips, Stenotic nares, elongated soft palate, umbilical hernia, dermatitis, demodectic mange. The reasons listed above are not valid reasons for returning this puppy. There is no guarantee as to any puppy's disposition, life span, color, show quality, or breeding quality.

This puppy is a companion animal and will NOT be used for any breeding purposes. If the puppy is not spayed or neutered by 18 months old and breeding occurs, Thompson Doodles will take back the FULL POSSESSION of this dog along with the puppies involved in the unauthorized breeding.

To ensure that the buyer does not euthanize the dog or take it to a shelter, Thompson Doodles will take the dog back at any time during the dog's lifespan. The seller will not issue a refund or provide another dog to the buyer.

A \$200 deposit will reserve a puppy as follows:

- Deposits are non-refundable.
- If the puppy is being transported to the buyer, the entire balance must be paid in full 1 week before the agreed-upon flight/transport/delivery date.
- If the buyer is picking up, the final payment must be made in cash, zelle, or cashier's check only upon pick-up. No personal checks or other forms of payment will be accepted at the time of pick-up.
- A fee of \$25 a day will be charged if puppy is kept in our care past 8 weeks.

To ensure that all parties have a thorough understanding of our health guarantee, we recommend you read this guarantee carefully and discuss it thoroughly with your veterinary professional. If you agree to this health guarantee, we require that the owner or co-owner jointly sign where indicated. Thompson Doodles will not be held responsible for any costs, including veterinary bills, that are accrued after this adoption. All guarantees apply to the original buyer only and are non-transferable.

At Thompson Doodles, we stand behind our puppies and sincerely wish you great success and happiness with your new puppy!

The parties accept and agree to be bound by the attached Terms and Conditions & Health Guarantee governing the purchase and sale of the Puppy.
